

Blackhawk Trucker Edge Compact

698-960/1710-2170 MHz, 4/6dBi (ANT-BH-OM-205)

Ideal for all carrier bands Telstra, Optus, Vodafone 3G/4G.

Futureproof your vehicle installations with this high grade, ruggedised Omni Trucker Antenna. This premium grade cellular antenna will satisfy 3G and 4G capabilities for all the major networks in Australia and can be used for commercial and industrial 3G and 4G applications.

The Blackhawk Omni Trucker Edge Compact at 68cm will provide the perfect solution for voice and data applications where high gain antennas are required while on the move.

Combine with a Cel-Fi GO in your vehicle to never be out of contact when away from home.

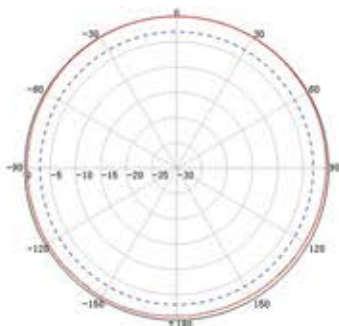

Features:

- ◆ Comes with a L bracket mount or can be mounted directly on a bull bar
- ◆ Suitable for all mobile carriers
- ◆ SMA-Male connector
- ◆ Made of ruggedised fibreglass to withstand 210km/h winds
- ◆ Choice of black or white

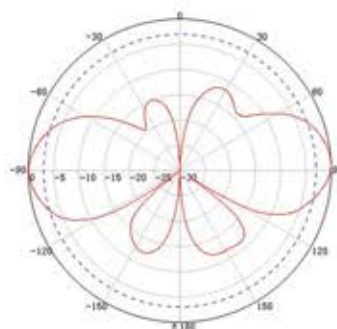

BLACKHAWK TRUCKER EDGE COMPACT

ELECTRICAL SPECIFICATIONS	MECHANICAL SPECIFICATIONS
Freq Range 698-960/1710-2170MHz	Dimensions 20x680 mm
Impedance 50 Ω	Weight 1.5kg
VSWR ≤2.0 / ≤2.0	Operating Temperature -40°C- +65°C
Gain 4 dBi/6 dBi	Connector SMA-Male with 5M Coax Cable
Max Input Power 50W	Mounting Pole 38-52mm
Polarisation Vertical	Material Copper/Fibreglass
Horiz Beam. 360°	Antenna Colour Black or White
Lightning Protection DC Ground	Rated Wind Velocity 210km/h
